To Those in Quest of A RUG...

To Intending Purchasers of Rugs we would state that just before the change in tariff we received a large and varied assortment of

Japanese Rugs

By purchasing these Rugs before the change, a saving of about fifty (50) per cent. was effected, which our customers are to profit by, as we do not intend, at present, to increase the price but will sell them, while they last, at the old figure.

Under these conditions, a buyer here can now purchase these Rugs for much less than they are sold for on the mainland.

We have made a display of these Very Handsome Rugs in our large, central show window, where their beautiful designs and harmonious coloring is sure to attract attention.

THE HOGAN SUITS SETTLED.

ACTIONS OF THE ADMIRAL AND HOWERS EXPLAINED.

Fifteen Thousand Dollars Paid by the Company in Settlement of the Claims for Damages.

Hereafter vessels of the Canadian-Australian line will call at the harbor as come alongside the ship as it approaches the custom for them to do since they began coming here.

They will not hover about the mouth of the harbor and cause Dame Homer to stalk about town with all sorts of conjectures as to the why and wherefore of the steamers' actions.

The Aorangi on Thursday and the diowers yesterday were the cause of more guessing than anything that has happened here for a long time.

It seems that there was a great deal more truth than fiction in the report that the captain of the Aorangi and diowers feared if they entered the jurisdiction of the United States Circuit Court they would be kept there until such time as sundry little judgments, rendered against the company in favor of members of the Hogan Hotel Company of happy memory, were satisfied.

Yesterday it transpired that Mr. Bruce, one of the passengers left here by the Aorangi was none other than the chief attorney for the company. He came here empowered to enter into negotiation with the attorneys for the plaintiffs in the damage suits, and tomorrow the suits will be discontinued and the judgments rendered by being marked satisfied.

The company, by its attorney Mr. Bruce, has compromised. Good, hard coin at the real value has been deposited to the order of the plaintiffs' attorneys, and the steamers of the Canadian-Australian line instead of describing great circles outside the three mile limit will come into the harbor in as direct a line as possible and tie up to the wharf.

Mr. E. B. McClanahan, one of the attorneys for the Hogan suit yesterday said: "The case has been compromised for a sum that we consider a fair one for our clients. How much the company paid I may not say. The company came to us with an offer which we refused. We must then offer what we refused, so we finally agreed upon the sum paid. The three judgments rendered in favor of Hogan, Thoms and Mrs. Alexander amounted to \$425. These cases are now pending in the Supreme Court. There is still seventeen cases to be tried and no reason to anticipate a judgment against us, as the cases were in principle all alike. We did not make any attempt to libel the vessels of the company, nor have we tried to create the impression that we would take such action."

The Hogans will not get all of the money paid in compromise. They will get half of it. People here in town who backed the actors up in their suits will get the other half. The sum paid by the Canadian-Australian Company as a compromise is stated to be \$15,000. This would allow quite a nice little lump of spending money to each of Hogan's unbleached Americans.

The Miowera docked at Richards street slip yesterday afternoon about half past four. She discharged her freight and departed for the Colonies about 11 o'clock last night.

CUSTOMS EMPLOYEES HAVE A GENTLE JINGLE.

The Ghost Walks and the Revenue Men Smile Joyfully Threat and Are Happy.

Collector Stackable has raised the wind. In company with "the ghost" he walked into the custom house yesterday morning and in the afternoon the boys had pleased smiles on their faces and a merry jingle in their jeans.

All of the customs employees, from collector to boat boy, were paid off for the seventeen days in June, for which they worked for Uncle Sam.

The action of the collector in making the acquaintance of Colonel Mazmanian is greatly commended by the revenue men, and they are not anxious to know when or how it was done. They have the coin, the collector has their thanks, and somebody is happy in knowing that he has been the cause of adding a number of deserving public servants. The sum paid out amounted to about \$3750.

The bulletin board in the port surveyor's office bore the following notice posted by some wag: "1030 a.m. arrived. Ship Golden Eagle. Stackable, 32 days from Honolulu with a cargo of gold dust consigned to E. M. Ployes."

Searle's Testimony.

John C. Searle, in his affidavit regarding the signature of J. Jurgensen to a will made by the latter, makes some remarkable statements.

He says that he was a witness to the signing of the will and not to the will paper. He further states that when he signed his name to the document he did not lean up against the wall, neither did he stand on his head. Mrs. Jurgensen was afraid her husband would not come back to Hawaii if he ever left, and so the husband Jacob had made his will prior to departure and had called Searle to witness it just before taking the steamer.

New Officers Installed.

At the regular meeting of the Polytechnic Encampment No. 1, I. O. O. F., held in the rooms of the Harmony Lodge Friday night, the following officers were installed: C. P. G. W. E. King; S. W. C. Charlock; H. P. J. D. McVeigh; T. F. Wood; S. D. L. La Pierre; I. W. F. C. Poor; G. J. C. Martin; I. S. Geo. Johnson; L. W. Ed Hingly; 2 W. H. Howard.

Strike Ended.

Manager Webber of Lihue plantation was successful in his efforts at quelling the recent strike on the plantation. His invitation to the strikers to go to the office and get the wages due them and then leave the plantation, bag and baggage, was not accepted by the malcontents. About five hundred of them decided they would return to work and the others decided to take up their labor again the next day.

MILITIA WINS AGAIN.

Company F Defeats Police on the Rifle Range.

The second shoot between Company F of the National Guard and the Police force, took place at Iwilei butts yesterday. The custodians of the peace fared

no better than on the previous occasion. Several of the "coppers" who had been shooting in a very good form during the first two days, failed miserably in the contest.

The crowd which attended the shoot was large and enthusiastic, and a good sport was given each team. Captain Kane started the ball rolling for the Police force, with a score of forty-one. He was the only one of his team to pass a forty. Seven of Company F's men reached forty. Neely doing the best with forty-five, G. U. C. Johnson and Rhodes coming with forty-three apiece. The total score was: Co. F, 409; Police, 370.

The following is the individual score of each man: Police, Capt. Kane, 41; Kapa, 39; Puhaku, 38; Peahi, 38; Hubbard, 39; Mills, 38; Cockett, 38; Kawa, 36; Naipo, 39; Gardner, 36. Total, 370.

Co. F, Neely, 45; Ferreira, 40; Gonves, 43; Storey, 38; Burnett, 39; Rhodes, 43; Petterson, 40; Johnson, 43; Costa, 40. Total, 409.

AMUSEMENTS.

The Republican rally did not make one bit of difference in the crowd at the Orpheum last evening. Long before the curtain rang up every seat was taken. The inspiration seemed to reach the people on the stage, as each and everyone excelled in their turn over Friday night's performance. It is no longer a question as to the success of the present engagement; it is assured. An excellent bill is promised for Monday night, many new features will be introduced.

BAND CONCERT.

For the first time in the history of Honolulu a Sunday concert will be given in the Capitol grounds at 3 o'clock this afternoon. Bandmaster Berger has prepared the following excellent program:

ANOTHER HOT DAY.

Not So Bad Though As Friday Proved to Be.

Yesterday was another hot day, the mean temperature for the twenty-four hours, ending at 9 o'clock last night, being 79.7 degrees, a degree and a half higher than on Friday. The maximum was one degree less than on Friday, but the minimum was six degrees higher.

The day was not nearly so comfortable as Friday, for the reason that dew point and humidity, which represent the moisture in the atmosphere, were three and nine degrees, respectively, lower than on Friday. But despite this the day was a hot one, and readers of The Republican will view with pleasure the forecast of Professor Lyons for today which says, "Cloudy, preparing for general rain." A general rain that will bring cooler weather will be a most welcome relief.
